2. Vital Records

- (1) [] and I visited the GCEM, Emergency Relocation Area, and observed the communications and other facilities provided for the use of Government officials in an emergency.

3. News

- a. [] went to Columbus, Ohio with a representative of I&S to see a new incinerator being developed for the Agency by the Battelle Memorial Institute. A preliminary appraisal indicates that the new incinerator will be a big improvement over what we now have because it practically eliminates the need for constant attention in order to keep the fire burning.
